Morna Valley / Land & project

A large beautiful and impressive property with an approved project in a very attractive location near San Lorenzo. The land is partly rustic land and partly forrest land.

A beautiful project of a large villa is approved and the license is granted, so the building can start now.

This terraced land enjoys panoramic views of the beautiful valley and the hills. From the highest point you can even see the sea.

Many trees that was planted years ago are already mature. There are old olive trees as well as fig, orange and lemon trees.

Electricity and telephone lines are already installed ready to be connected to the house.

The property has it's own water well.
